

## INTERNET SHARING & NETWORKS

Do you have another PC that you would like to share your Internet connection with? We can help you to review the options available and help you to choose which is the right one for you – without trying to sell you something!

## FAIR PRICING

We believe in charging reasonable prices for the services that we offer; with LOW prices, we're hard to beat and remember, this takes place in the comfort of YOUR HOME!

We even offer vouchers that make great gifts for parents and Grandparents alike and help families to keep in touch across the miles.

So why not call now to book an appointment? Remember, **we come to you!**

Call or text us mobile on:

**(07800) 815314**

\*Prices quoted are for Monday-Friday 9 A.M. to 5 P.M. Prices will be slightly higher outside of these times and days. Prices quoted are for the WR9 postcode area only – other areas available on request for a small additional fee. Prices are subject to change, so please check with us when you call.

## What could PC Matthews Solutions do for you?

### COMPUTER SET UP & TRAINING... CAMERAS, IPODS, PHONES...

Would you like to receive some computer guidance in the comfort of your own home? Our staff can show you the basics such as how to 'surf the 'Net', send emails or chat online as well as more advanced options that will help you to create documents such as C.V's and letters. We can even bring a laptop if you don't have your own PC and would like to 'try before you buy'.

Or maybe you'd like us to help you to connect your digital camera, iPod® or other portable device to your PC? Why not ask us if we offer support for YOUR device?

### EBAY®, AMAZON®, ONLINE SHOPPING, BANKING & MORE...

Would you like to be able to **safely** buy or sell goods on Websites like eBay® or Amazon®?

Are you looking to find a bargain holiday on the Internet or research your family history? We can show you how, in easy to understand ways without the need to attend classes away from home.

### JARGON-BUSTING!

What the heck is SPAM or Google® anyway? Your broadband provider tells you that you have to have a Wi-Fi enabled PC or an Ethernet connector – what exactly does that mean?

We can steer you around all of this techno-babble and explain in a simple to understand way, what these terms and phrases mean and help you to get a much better understanding.

### EMAIL, EMAIL, EMAIL...

Everybody expects you to be able to send and receive emails these days - Do you feel left out?

We can show you how to use free email accounts such as Hotmail or Yahoo to get you started, or even set you up with your own 'domain name' email address, such as 'sales@pcmatthews.com'.

### INTERNET SET UP

Have you just bought broadband Internet from companies such as Orange®, Sky®, AOL® or BT®?

If you'd like a friendly, local company to help you to get started, we can help – and we charge a lot less than most! Why pay premium prices and spend ages on the end of the phone to 'helpdesks' in places like India, when there's a local alternative?

## And for more advanced users we also offer...

### WEBSITES, HOSTING & DOMAIN NAMES

Subject to availability, we can register your .COM, .CO.UK or other domain name at rock-bottom prices and if you need a Website designed and hosted, we've got that covered too! PC Matthews Solutions takes the uncertainty out of hosting and puts service, performance and value back in. No matter which hosting type or plan you choose, your Website receives 24/7 maintenance and protection in a world-class data centre. And you get the expert, friendly service you deserve all at prices starting from only £2 a month!!

### EMAIL ACCOUNTS

With prices at less than £10 a year for up to 5 mailboxes, our POP3 email accounts offer unique you@YourPersonalDomainName.com personalisation. It allows you to send and receive email using popular email clients like Microsoft® Outlook®, Outlook Express® and more.

### CUSTOM SOFTWARE

If you need software developed for your business or organization, we will work with you to develop the application, or we can supply certain software 'off the shelf'.

We have ready-made Web-based event calendars and Point of Sale (PoS) / membership systems to suit most applications such as Gyms, clubs and smaller shops.
